## WORK EXPERIENCE

### Construction Worker

ABC Corporation - June 2009 - Present

- Examined materials and structural units to make sure that they are in compliance with provisions of building code and local ordinance while minimizing their cost.
- Study specifications in blueprints, sketches, or building plan to prepare project layout and determine dimensions and materials required.
- Loaded, unloaded building materials, machinery, or tools, distributing them to the appropriate locations, according to project plans or specifications.
- Maintained site cleanliness through organizing equipment and disposing of hazardous or excessive materials.
- Excellent understanding of cost estimating, and working on renovation and new projects.
- Highly-skilled general contractor with expertise in bidding and obtaining jobs.
- Signal equipment operators to facilitate alignment, movement, or adjustment of machinery, equipment, or materials.

### Loader/Unloader

ABC Corporation - May 2015 - October 2015

- Responsibilities checking multiple lanes and loading trailers from wall to wall and floor to ceiling.
- Unloading trailers onto conveyor belts accomplishments n/skills used conveyor belt controls and scanners to scan bar codes and shipping labels.
- Primary project was completely refinishing the outside of an old farmhouse.
- Successfully met deadlines for projects and directed workers after becoming comfortable with the work.
- Skills used communication, manual labor, working well with a team as well as independent.
- I do general labor work, which is basically whatever the project manager needs me to do.
- Responsibilities mostly gutter work on residential and commercial buildings.
