## Maintenance Electrician

E-mail: info@website.com

Phone: (0123)-456-789

### SUMMARY

Maintenance Electrician with more than ten years of experience in installing, maintaining, and repairing electrical wiring, equipment, and fixtures. Ensuring that work is in accordance with relevant codes; installing and servicing street lights, intercom systems, and electrical control systems. To obtain long term employment within a company where I can contribute my hard working skills, abilities, and positive attitude. Looking for a position in construction/electrical operations that allows me to work together with a professional team to accomplish the goals of the company.

### SKILLS

Electrical, Equipment Operator, Basic Construction Knowledge, Quality Assurance, Exceptional Multi-tasker

### WORK EXPERIENCE

#### Maintenance Electrician

ABC Corporation - 2004 - 2009

- Assembled, installed, tested, and maintained electrical or electronic wiring, equipment, appliances, and fixtures.
- Diagnosed malfunctioning systems, to locate the cause of a breakdown and correct the problem.
- Inspected electrical systems, equipment, and components to identify hazards, defects, and the need for adjustment or repair, to ensure compliance with codes.
- Installed ground leads and connected power cables to equipment, such as motors.
- Placed conduit (pipes or tubing) inside designated partitions, walls, or other concealed areas, and pull insulated wires or cables through the conduit to complete circuits between boxes.
- Planned layout and installation of electrical wiring, equipment, and fixtures, based on job specifications and local codes.
- Prepared sketches or follow blueprints to determine the location of wiring and equipment and to ensure conformance to building and safety codes.

#### Electrician Apprentice

ABC Corporation - 1998 - 2003

- Prepared sketches showing the location of wiring and equipment or followed diagrams or blueprints.
- Analyzed project electrical needs and determined the design.
- Responded to all types of electrical emergencies that may occur.
- Directed and lead the work of others.
- Maintained the work area in a clean and safe condition. Complied with company and OSHA safety policies and regulations as well as NFPA70E
- Properly mounted and installed assigned electrical work, conduit, electrical tray, wires, and devices.
- This is Dummy Description data, Replace with job description relevant to your current role.
