## Land Surveyor II

[info@qwikresume.com](mailto:info@qwikresume.com) | [LinkedIn Profile](#) | [Qwikresume.com](#)

Highly qualified Land Surveyor with experience in the industry. Enjoy creative problem solving and getting exposure on multiple projects, and I would excel in the collaborative environment on which your company prides itself.

## EXPERIENCE

### Land Surveyor II

**ABC Corporation - FEBRUARY 2006 - AUGUST 2010**

- Operate surveying instruments such as prisms, theodolites, and electronic distance-measuring equipment.
- Perform calculations to determine earth curvature corrections, atmospheric impacts on measurements, traverse closures and adjustments, azimuths, level runs, and placement of markers.
- Search for section corners, property irons, and survey points.
- Performed all aspects of design including watershed analysis, erosion control, grading parameters, and adherence to all County, State, and Federal regulations.
- Compile information necessary to stake projects for construction, using engineering plans.
- Conduct surveys to ascertain the locations of natural features and man-made structures on the Earth's surface, underground, and underwater.
- Prepare topographic and contour maps of land surveyed, including site features and other relevant information such as charts, drawings, and survey notes.

### Land Surveyor

**ABC Corporation - 2003 - 2006**

- Assisting in planning work schedule, plan steps and accomplishment procedure.
- Reading and examine drawings, plans, documents and job specifications.
- Visually inspect work site to determine the scope of work and safety requirements.
- Crew chief in a subdivision project, topographic survey, leveling, and as-built.
- Profile leveling during construction of highways, sewers, and canals.
- Deed and title research.
- Keep detailed and accurate records of crew activities, survey data..
