Objective

Pursue a highly rewarding career, seeking for a job in challenging and healthy work environment where I can utilize skills and knowledge efficiently for organizational growth.

Skills

Extremely Proficient In Using Hand And Power Tools Well Versed In Maintenance And Cleaning Task.

Work Experience

Associate Land Surveyor

ABC Corporation - March 2009 – March 2011

- Operate surveying instruments such as prisms, theodolites, and electronic distance-measuring equipment.
- Perform calculations to determine earth curvature corrections, atmospheric impacts on measurements, traverse closures and adjustments, azimuths, level runs.
- Record survey measurements and descriptive data using notes, drawings, sketches, and inked tracings.
- Search for section corners, property irons, and survey points.
- Position and hold the vertical rods, or targets, that theodolite operators use for sighting to measure angles, distances, and elevations.
- Determine horizontal and vertical controls and there are also many different mental aspects as well.
- Compare survey computations with applicable standards to determine the adequacy of data.

Land Surveyor

French Engineering Inc - 2005 – 2009

- While working at French Engineering I have held multiple positions.
- Started as a rodman, learned to run the total station, and I am currently the crew chief teaching someone to be a rodman.
- Have done numerous boundary surveys of various sizes.
- Have completed construction layout surveys for new subdivisions.
- We often set new corners for lots in subdivisions as well.
- Have a limited experience with CAD program, but I do enjoy it, and I have desire to learn more about them.
- The company I work for is small, but I look forward to working with larger companies to learn various ways of completing tasks.

Education

G.E.D - 1998(R.T.D.C - Tyler, TX)
